Format Table

- Insert table. This will default to table style "Light Style 2 – Accent 6"
- Select the entire table. On the Table Tools – Design tab, select borders, no borders.
- Select only the header row for the table. Under the same tab, in the Draw Borders section, select line weight of ½ pt., and white for the color. Then under the Table Style section, select borders, inside vertical border.
- While you have the header row selected, also set the text vertical alignment to "bottom". This will be under Format Shape, Text Box. The font for the header is Futura Md BT, 12, bold, white.
- Text for the body of the table is Futura Lt BT, 12, Grey (Background 2 in the color palette)
- You can adjust text size as necessary once you have all the content in
